

Doro 2880

Easy 4G phone with external display for Caller ID and notifications

Doro 2880 is an easy to use 4G phone for people who prefer a clamshell design to avoid accidental dialling. An extra display shows the time of day and identifies callers without having to flip the phone open. The widely spaced keys make texting and calling easier, and there are also shortcut keys for using the camera and messaging. Other features include a built-in torch, an assistance button and HAC (Hearing Aid Compatibility).

- **Separated, high contrast keys**
- **Assistance button for extra safety**
- **See who's calling and more on external display**
