The natural choice for all your calling needs.

The Motorola FW200L Fixed Wireless Telephone is the natural choice for residential and business communication needs. Homes, offices and other areas lacking fixed communication infrastructure, or residents and businesses that would like to remove their landline or reduce the number of landlines, will benefit from the FW200L as it operates over an existing GSM network*.

Ecomoto is a convergence of efforts by marketing, design, research, engineering, and supply chain management that lead to better products for everyone. It is a holistic view that focuses on both social and environmental responsibility. It is both a passion and a shared

The right thing to do.

- Meets and / or exceeds EMEA environmental regulatory requirements.
- Eco friendly packaging with a minimum 20% post consumer recycled content.
- Phone housing is built with a minimum of 25% post consumer recycled content plastic.
- Energy efficient charger that meets EU Code of Conduct requirements.
